We also have 2 other individuals that will serve as alternates. They will have a limited role; however, they will learn how the Board functions and be available to serve in case someone moves.

When we sent out the nomination ballots, we stated that the heavy rains in June did some damage to our south retention pond. We have been informed today, that the city's Office of Public Works may assist in repairing some of the damage. The Board will still need to hire someone to bring additional rock to fill in holes that were created.

The dues notices will be mailed out during the month of January, 2015.
